The Minutes from last year's CALMOAA Meeting held on Friday, November 2, 2018 in Phoenix Arizona were approved.

Patty Wernet highlighted a few items on the agenda and changes. We will meet on Day 2, Saturday on the Second Floor. The Budget will be discussed on Sunday, per the Agenda. Short discussion among the members regarding the need for a travel budget as travel is expensive.

CW5 Jennie Werner (USA, Ret) presented the updated annual Treasurer's Report which was accepted and approved.

1602 Hours: President Dean Mallires declared a Quorum was present, welcomed participants, and began the President's report (including Goals and Objectives provided as Attachment B.)

Main points were: Importance of Communication both written and oral, and looking forward to hosting quarterly Telecons: addressed complaints about location of annual Meeting and finances, cash flow and invoices. As a Leader he hopes to ease up the Administrative burden at Chapter level, but all Chapters are expected to pay dues.

He then reviewed the Goals and Objectives: #1 Objective for MOAA and CALMOAA is "Growth". His main theme is that what we do in MOAA is important. MOAA National does a great job in WDC. We in California and CALMOAA need to focus on Sacramento and the legislation that impacts the Military Community in California. At the State level, we collectively have failed to contact our local and state Legislators. Each Chapter should know their local and state legislators and schedule meetings with them. Invite them to MOAA and other Military, Active duty Reserve/NG and Retiree events. Huge example is to discuss relief of the CA State Tax on Military Retirement Income.

As action Items, Dean tasked each Chapter to 1) establish a position of Legislative Contact (or chairs), and 2) develop a "succession plan" for leadership of the Chapter.

The session concluded with a special recognition for Lorna Greis in her past role as VP for Legislative Affairs.

1700 Hours. A Summary of the Current State of Legislative Bills was presented by Seth Reeb of Reeb Government Relations. The MOAA California Chapter 2019 End of Year Legislative Report was reviewed and discussed. 16 Bills were sent to the Governor of which he signed 15. Most discussion involved BILL AB 427 Personal income taxes, exclusion: uniformed services: retirement pay, which died. Currently sponsored by Assemblyman Brough, CAPT Thomas Bell (USN, Ret) offered that we needed a stronger sponsor like State Senator Archuleta. Fred Green asked Seth Reeb what other veteran organizations do they represent. Seth named a few of their clients. Fred also asked if CALMOAA was made aware of the bills ahead of time to get our inputs. Seth said they would work closer with CALMOAA Legislative representative. Fred last question was, "Are we working with industry". Seth ask why. Fred explained that industry (especially defense contracting companies) have lobbyist at the state level. Defense industry is interested in veterans, because they bring skill sets that they need. Defense industry is also interested in veterans for contractual reasons, tax reasons, etc., and they are as active as the veterans organizations.

1835 Hours. Day 1 Adjourned.

Day 2 Saturday, October 19th

0905 Hours. Meeting called to order and reconvened.

California State Senator Tom Beall (pronounced "Bell") representing the San Jose area was introduced. His specialty areas, committees and propositions/bills put forward involve Mental Health and Housing. He focused on Veteran Mental Health, Homeless, Housing and the Mentally ill. State Senator Beall explained how he supports an "Integrated" Health Care plan to save money. This would include Veterans' Mental Health. Like many homeless in California, mental health and drug abuse drive the problem. He supports the \$2B Prop 2 effort for housing for the mentally ill which would include Veterans. Sen Beall is also involved in the CA Infrastructure efforts. He discussed SB 1 dealing with gas tax increase for road repairs at state and local level. Prop 6 deals with Climate Change which also plays a role. As examples, Sen Beall mentioned several bridges as part of the overall infrastructure are "falling apart".

During Q & A discussions, Sen Beall mentioned one problem: that by Law, the State cannot use "medical" funding to "institutionalize" (mental health patients). State is still suffering from the Reagan Era when the State closed Institutional Facilities. As a result, 33% of those in prison are mentally ill. Lastly, he supports a State Medi-Cal "Drop Box: for those Vets "who fall through the crack".

1030 Hours. Patty Wernet introduced COL Terri Coles (Ret), special guest representing MOAA National. Terri updated the membership on the "Challenges at National and Chapter Levels". She is the Senior Director for Councils and Chapters. She focused on Recruiting and Retention. The Mission: Recruit and retain the next generation of Chapter Leaders and members. She went on to answer: "How do we recruit?" and "How do we retain?". Chapters need a "Purpose and Vision"; i.e.; a Mission Statement.

She also led a discussion on what is working: localized meetings, notifications, "personal touch", as well as social media. Shortfalls begin at the "sales story" as we must be able to

answer “what will you (MOAA/Chapter) do for me?”. She acknowledged that complacency, fatigue and burnout add to the problem. Resources available include leveraging electronic messages (available twice a year), a common joint MOAA form for National/Chapter membership, RAD/Recruiting kits, the monthly MOAA magazine, and upcoming Marketing Training. For retention, remember awards and recognition, MOAA certificates available.

For struggling Chapters, there is a formal Chapter “rescue” program and process. Consider a “satellite” arrangement with a nearby Chapter. There is a Chapter Closing Checklist which must be followed to formally close a Chapter.

1115 Hours. The Group broke to view the exhibits and for Lunch.

The remainder of the Minutes of the CALMOAA Annual Meeting for Day 2 Afternoon and Day 3 AM were compiled by Jennie Werner and submitted by Patty Wernet. I have copied those notes into the Minutes below:

In a later update/correction: Adm Dawn Wyllie pointed out that her name was misspelled in the agenda on page 2. This will be corrected.
